An A-to-Z Adventure Through Sparkville

Written and created by K. Salvio

About the book

A heartwarming picture book that sparks curiosity, kindness and big conversations about a brighter tomorrow. Chip, a friendly little robot, leads young readers letter by letter through the town of Sparkville, where every stop is a small invitation to wonder, ask questions and look after one another.

About the author

K. Salvio is the author and creator of *Chip's Alphabet of Wonder*, a picture book that follows a curious little robot from A to Z through the town of Sparkville. Written for shared reading — laps, bedtimes and grandparent afternoons — the book pairs a playful alphabet journey with gentle lessons about curiosity, kindness and imagining a brighter tomorrow. Its guiding message is simple: Dream Big. Be Kind. Keep Exploring.
